

GE-F120-2H2

High Voltage

All-In-One Hybrid ESS

GE-F120-2H2 (50KW/120KWh)

Rated power operation the maximum temperature of the battery is less than 35°C

Suitable for high rate cyclic charging and discharging scenarios

Combustible gas, smoke and temperature detection, system active exhaust, and fire alarm

All in One integrated technology, contain pcs , inverter , Battery(BMS) and EMS; power supply redundancy design, support black start function, Off grid operation, etc

Lithium Iron Phosphate (LFP) Battery, The battery pack and system adopt an aerosol fire extinguishing solution

Supports battery expansion, with a maximum capacity of 120KWh
